Subject Index—Volume 20, 1996

A

Abdominal Imaging
role of helical computed tomography in (Krasny et al.), 248

Abdominal Pain
carcinoid syndrome and (Bax et al.), 142

Abdominal Stab Wounds
mandatory and selective laparotomy for management of (Leppäniemi et al.), 1101

Adenomatous Polyposis Coli
genomic linkage studies and mutation analysis of (Karner–Hanusch et al.), 578

Adolescents
surgical treatment of Graves' disease in (Söreide et al.), 794

Adrenal Adenoma
adrenalectomy for treatment of (Imai et al.), 781

Adrenal Cortex
transplanted glomerulosa cells achieve physiological function of (Scheumann et al.), 933

Adrenal Cortex Tumors
Gip-2 codon 179 oncogene mutations (R179C/H Gi_2 α) are absent from (Demeure et al.), 928

Adrenal Surgery
in elderly, risks of (Lo et al.), 368

Adrenalectomy
Cushing syndrome treated by (Imai et al.), 781
for pheochromocytoma vs adrenal lesions (Fernández–Cruz et al.), 762
hypercortisolism treated by (Chapuis et al.), 775
posterior retroperitoneoscopy for (Walz et al.), 769
review of laparoscopic treatment (Rutherford et al.), 758

Adrenaloma
aggressive management of (Linos et al.), 788

Adrenocortical Carcinoma
adrenalectomy for treatment of (Imai et al.), 781

Advanced Trauma Life Support Program
teaching effectiveness of (Ali et al.), 1121

Ampullary Tumors
diagnosis and therapy for (Chareton et al.), 707

Ancylostomiasis
tropical pyomyositis and (Ansaloni), 613

Aneurysm Perfusion
treatment after endovascular repair of (Ivancev et al.), 673

Angiography
transcutaneous, before, during, and after endovascular repair (White et al.), 622

Animal Models
role in study of pathophysiological mechanisms of posttraumatic and septic organ failure (Redl et al.), 487

Antiinflammatory Drugs
role in complicated peptic ulcers (Bulut et al.), 574

Antithrombin III
effect on energy status and microcirculation after warm ischemia and reperfusion injury in rat liver (Okano et al.), 1069

Aortic Aneuryms
endovascular graft–stent tube and bifurcated graft systems for repair of (Colburn et al.), 664
endovascular repair of (Parodi), 655

Appendectomy
laparoscopic versus open (Hansen et al.), 17
open versus laparoscopic (Cox et al.), 263
primary closure by subcuticular absorbable sutures after (Serour et al.), 38

Appendiceal Carcinoid Tumors
pathology and nomenclature of (Klöppel et al.), 132
surgical management of (Stinner et al.), 183

L-Arginine
effect on chemically induced colorectal cancer (Ma et al.), 1087

Arterial Occlusive Disease
endovascular stented grafts for repair of (Marin et al.), 679

Arterial Occlusive Lesions
percutaneous transluminal angioplasty for (Kalman et al.), 630

Arterial Stents
for peripheral arterial occlusive disease, indications and results of (Ahn et al.), 644

Arteriovenous Fistulas
endovascular repair of (Parodi), 655

Atherectomy
for peripheral arterial occlusive disease (Ahn et al.), 635

B

Bacterial Translocation
in elevated abdominal pressure (Eleftheriadis et al.), 11
role in complications of acute pancreatitis (Wang et al.), 299
role in multiple organ failure (Swank et al.), 411

Bile Duct Cancer
hepatectomy with pancreatoduodenectomy for (Miyagawa et al.), 77

Bile Duct Injury
role of preoperative endoscopic retrograde cholangiography in preventing (Tanaka et al.), 267

Björk–Shiley Convexo-Concave Heart Valves
single strut leg separation in and replacement of (Chandler et al.), 953

Blood Purification
multiple organ failure prevented and treated by (Hirasawa et al.), 482

Blood Supply
in parathyroid gland, parathyroid hormone secretion and (Ander et al.), 598

Bone Marrow
disseminated esophageal cancer cells in (Thorban et al.), 567

Bone Mass
in renal hyperparathyroidism, role of serum levels of bone metabolic markers in predicting (Katagiri et al.), 753

Bovine Parathyroid Cells
effect of growth factors on growth of (Sadler et al.), 822

Bronchial Carcinoid Tumors
diagnosis and treatment of (Dusmet et al.), 189

Bronchoscopic Suctioning
pneumonia diagnosed by (Prokop et al.), 22

C

Cancer Detection
role of positron emission tomography in (Blahd et al.), 245

Cancer Management
role of positron emission tomography in (Blahd et al.), 245

Carboxy-Terminal Propeptide of Type I Procollagen (PICP)
serum levels of, in renal hyperparathyroidism (Katagiri et al.), 753

Carboxy-Terminal Pyridinoline Crosslinked Telopeptide of Type I Procollagen (ICTP)
serum levels of, in renal hyperparathyroidism (Katagiri et al.), 753

Carcinoid Syndrome
associated with bronchial and thymic carcinoid tumors (Dusmet et al.), 189
octreotide for symptomatic relief of (Arnold), 203

Carcinoid Tumors
clinical manifestations of (Bax et al.), 142
gastrointestinal, pathology and nomenclature of (Klöppel et al.), 132

history of (Creutzfeldt), 126
imaging procedures and interventional radiology of (Wallace et al.), 147
^{111}In-octreotide scintigraphy of (Kwekkeboom et al.), 157
metastasizing, medical control of symptoms and growth of (Arnold), 203
preoperative localization by somatostatin receptor scintigraphy of (Kisker et al.), 162
surgical management of (Stinner et al.), 183
treatment of liver metastases of (Ahlman et al.), 196
Cardia Carcinoma
compared with lower esophageal carcinoma (Tachimori et al.), 507
Catecholamine Secretion
during adrenalectomy for pheochromocytoma (Fernández-Cruz et al.), 762
Caudate Lobe
hepatocellular carcinoma originating from (Yang et al.), 562
Cause-Specific Mortality Trial
optimal surgery for papillary thyroid carcinoma determined by (Udelsman et al.), 88
Cecal-Colic Intussusception
intestinal obstruction in Central African men caused by (VanderKolk et al.), 341
Cell-Mediated Immunity
after injury, mechanism of (Faist et al.), 454
Central Africa
intestinal obstruction caused by cecal-colic adult intussusception in (VanderKolk et al.), 341
Chernobyl Accident
thyroid cancer in children from Gomel region after (Antonelli et al.), 867
Children
prophylactic thyroidectomy for MEN IIa in (Decker et al.), 814
subcuticular absorbable sutures after appendectomy in (Serour et al.), 38
surgical treatment of Graves' disease in (Söreide et al.), 794
with intussusception in developing world (Meier et al.), 1035
China
comparison of biologic characteristics of esophageal cancer in Japan and (Adachi et al.), 332
Cholecystectomy
recurrence of CBD stones after endoscopic sphincterotomy and (Hammarström et al.), 272
Cholecystitis
acute, laparoscopic cholecystectomy for (Kum et al.), 43
laparoscopic cholecystectomy in elderly for (Lo et al.), 983
Cholecystokinin
role in colonic absorption via peptide YY (Liu et al.), 221
Colon Carcinoid Tumors
surgical management of (Stinner et al.), 183
Colorectal Cancer
chemically induced, effect of supplemental L-arginine on (Ma et al.), 1087
peritoneal carcinomatosis from (Sugarbaker et al.), 585
use monoclonal antibodies in detection of (Schulte), 238
Common Bile Duct Injury
in laparoscopic cholecystectomy for acute cholecystitis (Kum et al.), 43
Common Bile Duct Stones
in cholecystectomized patients after endoscopic sphincterotomy for (Hammarström et al.), 272
laparoscopic treatment of (Lezoche et al.), 535
routine and selective endoscopic retrograde cholangiography and frequency of (Tanaka et al.), 267
Computed Tomography
gastroenteropancreatic tumors localized by (Corleto et al.), 241
helical, for abdominal imaging (Krasny et al.), 248
of carcinoid tumors and metastases (Wallace et al.), 147
transcutaneous, before, during, and after endovascular repair (White et al.), 622
Congenital Short Colon
management of (Wakhlu et al.), 107
Continuous Hemodiafiltration (CHDF)
multiple organ failure prevented or treated by (Hirasawa et al.), 482
Cushing Syndrome
adrenalectomy for treatment of (Imai et al.), 781
associated with bronchial and thymic carcinoid tumors (Dusmet et al.), 189
Cystic Dystrophy in Heterotopic Pancreas (CDHP)
diagnostic and therapeutic characteristics of (Fékété et al.), 295
Cytokeratin Assay
disseminated esophageal cancer cells in bone marrow detected by (Thorban et al.), 567
Cytokine Regulation
inflammatory response to injury treated by (Guirao et al.), 437
Cytoreductive Surgery
peritoneal carcinomatosis treated by (Sugarbaker et al.), 585

D
Daflon
and low-molecular-weight heparins for prevention of postoperative thromboembolism (Tsimoyiannis et al.), 968
Deep Venous Thrombosis
heparin vs. warfarin for prevention of (Das et al.), 521
of lower extremities, surgical strategy for management of (Meissner et al.), 1149
prophylaxis for and treatment of (Bergentz), 1141
Developing World
intussusception in children in (Meier et al.), 1035
surgical service in (Cotton), 1127
Diclofenac Sodium
role of vagotomy and misoprostol in protecting gastroduodenal mucosa from (Giannoukas et al.), 501
Differentiated Thyroid Cancer
results of thyroidectomy vs thyroidectomy and neck dissection for (Simon et al.), 860
Dithizone
as radioactive marker for monitoring transplanted pancreatic islets (Fiedor et al.), 1016
DNA Ploidy Pattern
significance in stage III gastric cancer (Sakusabe et al.), 27
Duodenal Carcinoids
management of (Åkerström), 173
Duodenal Passage
preservation after total gastrectomy (Schwarz et al.), 60
Duodenal Tumors
pathology and nomenclature of (Klöppel et al.), 132

E
Early Gastric Carcinoma
general pattern of lymph node metastasis in (Namieno et al.), 996
Elderly
complicated peptic ulcers in (Bulut et al.), 574
laparoscopic cholecystectomy for acute cholecystitis in (Lo et al.), 983
risks of adrenal surgery in (Lo et al.), 368
trauma management and outcome in (McMahon et al.), 1113
Emergency Surgery
in hematologic disorders (Gold et al.), 1133
Endocrine Pancreatic Cells
dithizone for preoperative localization of (Fiedor et al.), 1016
Endocrine Surgery
highlights from history of (Welbourn et al.), 603
operative experience of U.S. general surgery residents with (Harness et al.), 885

Endocrine Tumors
metastatic, medical treatment, surgical resection, liver transplantation in managing (Dousset et al.), 908
Endoscopic Injection Therapy
gastrointestinal bleeding in hemophiliacs treated by (Ziemski et al.), 1166
Endoscopic Retrograde Cholangiography
before laparoscopic cholecystectomy, comparison of routine and selective (Tanaka et al.), 267
Endoscopic Sphincterotomy
for common bile duct stones, long-term followup after (Hammarström et al.), 272
Endoscopic Ultrasonography
preoperative staging of nodal groups associated with esophageal cancer using (Chandawarkar et al.), 700
Endotoxin Concentrations
increases lower-limb ischemia-reperfusion (Yassin et al.), 961
Endotracheal Lavage
pneumonia diagnosed by (Prokop et al.), 22
Endovascular Graft
for repair of abdominal aortic aneurysms (Colburn et al.), 664
Endovascular Repair
of aneurysm perfusion (Ivancev et al.), 673
Endovascular Stented Graft
arterial occlusive disease repaired by (Marin et al.), 679
Endovascular Technology
effect on relationship between vascular surgeons and interventional radiologists (Veith et al.), 687
Enteral Nutrition
treatment of postoperative/posttrauma patients with (Bengmark et al.), 474
Epidermal Growth Factor
effect on bovine parathyroid cells (Sadler et al.), 822
Epidermal Growth Factor Receptor (EGFr)
expressed in hyperparathyroidism (Sadler et al.), 736
Esophageal Achalasia
intraoperative manometry during laparoscopic operation for (Kamiike et al.), 973
Esophageal Cancer
clinicopathologic characteristics and postoperative outcome in Japanese and Chinese patients with (Adachi et al.), 332
dissemination of, in bone marrow (Thorban et al.), 567
preoperative EUS staging of nodal groups associated with (Chandawarkar et al.), 700
spread of intramural metastases from (Nishimaki et al.), 32
with intramural metastases, effect of radical esophagectomy on (Nishimaki et al.), 32
Esophageal Manometry
intraoperative, lower esophageal pressure measured by (Slim et al.), 55
Esophageal Varices
modified Sujura procedure for (Battaglia et al.), 319
Esophagus
combined gunshot injuries to trachea and (Weiman et al.), 1096

F
Factor VIII Inhibitor
surgery in hemophiliacs with (Scharf et al.), 1171
False Aneurysms
endovascular repair of (Parodi), 655
Fat Absorption
estimated using ^{13}C-Trioctanoin breath test (Miyakawa et al.), 1024
FK506
role in managing steroid-resistant rejection of liver transplant (Platz et al.), 1052
Flow Cytometry
role in assessing proliferative activity of hyperfunctioning parathyroid gland cells (Xiao-Lin et al.), 361
Follicular Thyroid Cancer
correlation of regional recurrence with increasing tumor size of (Simon et al.), 860
Foregut
hindgut peptide YY release stimulated by cholecystokinin release by (Liu et al.), 221
Foreign Body Ingestion
retrospective analysis of incidence and outcome of (Velitchkov et al.), 1001
Formaldehyde
hemorrhagic radiation-induced proctitis treated by (Roche et al.), 1092
Functional Extraadrenal Paraganglioma
characteristics, management, and behavior of (O'Riordain et al.), 916
Fundoplication
intraoperative esophageal manometry and (Slim et al.), 55

G
Gallstones
laparoscopic treatment of (Lezoche et al.), 535
Gastrectomy
Ulm pouch reconstruction and duodenal passage preservation after (Schwarz et al.), 60
Gastric Cancer
DNA ploidy pattern in (Sakusabe et al.), 27
manganese superoxide dismutase mRNA and tumor necrosis factor α mRNA expression in (Izutani et al.), 228
Gastric Carcinoids
management of (Åkerström), 173
pathogenesis, pathology, and behavior of (Rindi et al.), 168
pathology and nomenclature of (Klöppel et al.), 132
Gastric Endocrine Tumors
pathogenesis, pathology, and behavior of (Rindi et al.), 168
Gastric Injury
corrosive-induced, elective surgery for (Chaudhary et al.), 703
Gastric Intramucosal pH
postoperative intraabdominal pressure and (Sugrue et al.), 988
Gastric Smooth Muscle Tumors
diagnostic dilemmas and factors affecting outcome of (Sanders et al.), 992
Gastroduodenal Mucosa
protected from effects of diclofenac sodium by vagotomy and misoprostol (Giannoukas et al.), 501
Gastroenteropancreatic Tumor
liver transplantation for metastases of (Anthuber et al.), 73
Gastroesophageal Reflux Disease
role of intraoperative manometry in (Slim et al.), 55
Gastrointestinal Bleeding
in hemophiliacs, endoscopic injection treatment of (Ziemski et al.), 1166
Gastrointestinal Neuroendocrine Tumors
pathology and nomenclature of (Klöppel et al.), 132
Gastrointestinal Tract
ingested foreign bodies in (Velitchkov et al.), 1001
Gelatinase A mRNA
expression of, in stromal fibroblasts adjacent to thyroid tumors (Zedenius et al.), 101
General Surgery Residents
operative experience in endocrine surgery (Harness et al.), 885
Genetic Diagnosis
prophylactic surgery for MEN IIa after (Decker et al.), 814
***Gip-2* Codon 179 Oncogene Mutations**
absent from adrenal cortical tumors (Demeure et al.), 928
Glomerulosa Cells
enzymatic properties after transplantation of (Scheumann et al.), 933
Goiter Resection
serum thyroglobulin levels after (Date et al.), 351
Graft-vs-Host Disease
in small bowel transplantation, role of natural killer cells in (Fändrich et al.), 1041

Graves' Disease
change of TRAb as predictor of recurrent hyperthyroidism after thyroidectomy for (Sugino et al.), 801
in children and adolescents, surgical treatment of (Söreide et al.), 794
Growth Hormone
postoperative fatigue syndrome reduced by (Vara–Thorbeck et al.), 81
Gunshot Injuries
to pancreatic head, conservative management of (Degiannis et al.), 68
to trachea and esophagus, treatment of (Weiman et al.), 1096

H
Hematocrit Level
trigger for red blood cell transfusion (Lundsgaard–Hansen), 1182
Hematologic Disorders
emergency surgery for (Gold et al.), 1133
role of splenectomy in (Schwartz), 1156
Hemodilution
benefits in clinical surgery (Kreimeier et al.), 1208
Hemoglobin Level
trigger for red blood cell transfusion (Lundsgaard–Hansen), 1182
Hemophiliacs
endoscopic injection therapy for GI bleeding in (Ziemski et al.), 1166
with factor VIII inhibitor, surgery in (Scharf et al.), 1171
Hemorrhage
after organ transplantation (Dmitrewski et al.), 1160
Heparin
low-molecular-weight, recurrent venous thromboembolism prevented by (Das et al.), 521
Hepatectomy
comparison of conventional and anterior approaches to (Lai et al.), 314
with pancreatoduodenectomy for biliary malignancies (Miyagawa et al.), 77
Hepatic Ischemia–Reperfusion
effect of PAF antagonist E5880 on intrahepatic and systemic metabolic responses to (Nakatani et al.), 1060
protective effect of antithrombin III during and after injury from (Okano et al.), 1069
Hepatitis
recurrence of hepatocellular carcinoma after hepatectomy associated with (Ko et al.), 1082
Hepatocellular Carcinoma
from caudate lobe, surgical treatment of (Yang et al.), 562
microwave coagulonecrotic therapy for (Yamanaka et al.), 1076
resectable, role of preoperative transcatheter arterial oily chemoembolization for (Uchida et al.), 326
viral hepatitis status after hepatectomy and recurrence of (Ko et al.), 1082
with mutant p53 protein, histologic characterization of (Okuda et al.), 215
Hepatolithectomy
use of ultrasonography during (Zhang et al.), 50
Hindgut
effect of foregut cholecystokinin release on peptide YY release by (Liu et al.), 221
Human Immunodeficiency Virus
tropical pyomyositis and (Ansaloni), 613
Human Polymerized Hemoglobin
clinical development of (Gould et al.), 1200
5-Hydroxyindoleacetic Acid (5-HIAA) Levels
in carcinoid syndrome, embolization and octreotide reduces (Wängberg et al.), 892
Hypercalcemia
MEN IIa-related primary hyperparathyroidism and (Kraimps et al.), 808
parathyroid tissue in primary hyperparathyroidism with (Lundgren et al.), 727
Hypercoagulability
following multiple trauma (Engelman et al.), 5
Hypercortisolism
role and operative risk of bilateral adrenalectomy in (Chapuis et al.), 775
Hyperparathyroidism
assessment of proliferative activity of glandular cells in (Xiao-Lin et al.), 361
epidermal growth factor receptor status in (Sadler et al.), 736
renal, metabolic markers predict bone mass in (Katagiri et al.), 753
renal, nodular parathyroid hyperplasia in (Tominaga et al.), 744
Hypertension
paroxysmal, degeneration of pheochromocytomas and (Ito et al.), 923
Hyperthyroidism
recurrent, change in TRAb as predictor of, after thyroidectomy for Graves' disease (Sugino et al.), 801

I
Imaging
of carcinoid tumors (Wallace et al.), 147
Immunocytochemistry
ERFr in parathyroid tumors studied by (Sadler et al.), 736
Immunohistochemistry
role in assessing proliferative activity of hyperfunctioning parathyroid gland cells (Xiao-Lin et al.), 361
Immunosuppression
after injury, mechanisms of (Faist et al.), 454
transfusion therapy and (Greenburg), 1189
^{111}In–Octreotide Scintigraphy
pancreatic endocrine tumors localized by (Corleto et al.), 241
In Situ Hybridization
ERFr in parathyroid tumors studied by (Sadler et al.), 736
Inflammation
biologic control of (Guirao et al.), 437
role in MODS and SIRS (Goris), 418
Injury
biologic control of (Guirao et al.), 437
immune suppression and modulation after (Faist et al.), 454
Insulin-Like Growth Factor
effect on bovine parathyroid cells (Sadler et al.), 822
Interatrial Pressure Gradient
during laparoscopic cholecystectomy with pneumoperitoneum (Iwase et al.), 234
Interferon
as adjunctive therapy for liver metastases of carcinoid tumors (Ahlman et al.), 196
Interleukin 1 (IL1)
as mediator of metabolic response to sepsis (Michie), 460
as mediator of sepsis, manipulation of (Fisher et al.), 447
role in inflammatory response to injury and modulation of (Guirao et al.), 437
Interleukin 1 Antibodies
as immune modulatory therapy after injury (Faist et al.), 454
Interleukin-6 Concentrations
increases lower-limb ischemia-reperfusion (Yassin et al.), 961
Interventional Radiologists
effect of endovascular technology on relationship between vascular surgeons and (Veith et al.), 687
Interventional Radiology
of carcinoid tumors (Wallace et al.), 147
Intestinal Ischemia
created by abdominal pressure (Eleftheriadis et al.), 11

Intestinal Permeability
role in bacterial translocation and multiple organ failure (Swank et al.), 411
Intraabdominal Pressure
postoperative gastric intramucosal pH and (Sugrue et al.), 988
Intraoperative Venous Sampling
for parathyroid hormone, side localization of parathyroid adenomas by (Bergenfelz et al.), 358
Intussusception
in children in developing world (Meier et al.), 1035
intestinal obstruction in Central African adults caused by (VanderKolk et al.), 341
Islet Cell Carcinoma
pancreatic, curative resection of (Lo et al.), 878

J
James Joyce
medical history, final illness, and death of (Carter), 720
Japan
comparison of biologic characteristics of esophageal cancer in China and (Adachi et al.), 332
John Keats
surgical sketch of (Carter), 375

K
Kidney Transplant
retroperitoneal nephrectomy in patients with (Doublet et al.), 713

L
Laparoscopic Adrenalectomy
for pheochromocytoma vs adrenal lesions (Fernández-Cruz et al.), 762
in Australia, review of (Rutherford et al.), 758
Laparoscopic Appendectomy
compared with open appendectomy in men (Cox et al.), 263
versus open (Hansen et al.), 17
Laparoscopic Cholecystectomy
acute-phase response after (Targarona et al.), 528
effect of pneumoperitoneum in interatrial pressure gradient during (Iwase et al.), 234
for acute cholecystitis, safety of (Kum et al.), 43
for acute cholecystitis in elderly (Lo et al.), 983
preoperative ultrasonography for predicting technical difficulties and complications during (Santambrogio et al.), 978
role of endoscopic retrograde cholangiography before (Tanaka et al.), 267
Laparoscopic Colorectal Surgery
prospective assessment of outcome of (Reissman et al.), 277
Laparoscopy
common bile duct stones treated by (Lezoche et al.), 535
liver cysts treated by (Gigot et al.), 556
Laparotomy
abdominal stab wounds managed by (Leppäniemi et al.), 1101
of symptom improvement and decrease in metastatic progression after (Makridis et al.), 900
Liver Cysts
nonparasitic, laparoscopic treatment of (Gigot et al.), 556
Liver Injuries
hemostatic management and organ preservation after (Uranüs et al.), 1107
Liver Metastases
of carcinoid tumors, treatment of (Ahlman et al.), 196
Liver Transplantation
FK506 vs OKT3 for management of steroid-resistant rejection after (Platz et al.), 1052
for metastases from gastroenteropancreatic tumors (Anthuber et al.), 73
liver metastases of carcinoid tumors treated by (Ahlman et al.), 196
metastatic endocrine tumors treated by (Dousset et al.), 908
Liver Transplants
reuse after death of first recipient (Moreno González et al.), 309
Low Molecular Weight Heparins
and Daflon for prevention of postoperative thromboembolism (Tsimoyiannis et al.), 968
Lower Esophageal Carcinoma
compared with cardia carcinoma (Tachimori et al.), 507
Lower Limb Ischemia Reperfusion
systemic inflammatory response caused by (Yassin et al.), 961
Lung Cancer
muscle-sparing thoracotomy for (Sugi et al.), 551
Lymph Node Metastasis
in early gastric carcinoma, general pattern of (Namieno et al.), 996

M
Magnetic Resonance Imaging
gastroenteropancreatic tumors localized by (Corleto et al.), 241
transcutaneous, before, during, and after endovascular repair (White et al.), 622
Major Vessel Resection
during limb-preserving surgery for soft tissue sarcomas (Karakousis et al.), 345
Manganese Superoxide Dismutase (Mn-SOD)
protection against superoxide radicals and TNFα toxicity in gastric carcinoma tissue by (Izutani et al.), 228
Manometry
intraoperative, during laparoscopic operation for esophageal achalasia (Kamiike et al.), 973
Mediastinal Node Involvement
in carcinoma of lower esophagus and cardia (Tachimori et al.), 507
Mediators
of injury and inflammation, role in development of SIRS, MODS, and MOF (Schlag et al.), 406
of metabolic response to sepsis, role of tumor necrosis factor and interleukin as (Michie), 460
of multiple organ failure, role of continuous blood purification in removal of (Hirasawa et al.), 482
prevention of MOF with strategies against (Gullo et al.), 430
Men
prospective randomized comparison of open vs. laparoscopic in (Cox et al.), 263
Metabolism
effect of sepsis on (Michie), 460
Metastatic Endocrine Tumors
medical treatment, surgical resection, liver transplantation in managing (Dousset et al.), 908
Mexico
papillary thyroid carcinoma in (Herrera et al.), 94
Microdissection Technique
for papillary thyroid cancer (Tisell et al.), 854
Microwave Coagulonecrotic Therapy
for hepatocellular carcinoma (Yamanaka et al.), 1076
Midgut Carcinoid Tumors
progression of metastases and symptom improvement from laparotomy in (Makridis et al.), 900
survival after aggressive reduction of (Wängberg et al.), 892
Minimally Invasive Surgery
posterior retroperitoneoscopic adrenalectomy as (Walz et al.), 769
Misoprostol
role in protecting gastroduodenal mucosa from effects of diclofenac sodium (Giannoukas et al.), 501
Molecular Screening
of hereditary adenomatous polyposis coli (Karner-Hanusch et al.), 578

Monoclonal Antibodies
role in colorectal cancer detection (Schulte), 238
Multiple Endocrine Neoplasia Type I
surgery for asymptomatic pancreatic lesion in (Skogseid et al.), 872
Multiple Endocrine Neoplasia Type IIa
primary hyperparathyroidism in (Kraimps et al.), 808
prophylactic surgery for (Decker et al.), 814
Multiple Organ Dysfunction Syndrome (MODS)
as result of inflammatory response to inflammatory stimuli (Goris), 418
epidemiology and risk factors of (Gullo et al.), 430
relation to sepsis and systemic inflammatory response syndrome (Nathens et al.), 386
Multiple Organ Failure (MOF)
after trauma, pattern, sequence, and onset of (Regel et al.), 422
blood purification for prevention and treatment of (Hirasawa et al.), 482
incidence and mortality rates of (Levine et al.), 471
introduction (Baue et al.), 385
metabolism of sepsis and (Michie), 460
postinjury, early risk factors for (Sauaia et al.), 392
prevention and therapy of (Vincent), 465
prevention and treatment of (Bengmark et al.), 474
prevention of and therapeutic agents for (Baue et al.), 493
role of intestinal permeability and bacterial translocation in (Swank et al.), 411
summary (Baue et al.), 499
Multiple Organ System Failure and Dysfunction (MOSF/MOSD)
risk factors, severity, and outcome of (Zimmerman et al.), 401
Multiple Trauma
hypercoagulability following (Engelman et al.), 5
Mutant p53 Protein
histologic features of hepatocellular carcinoma and expression of (Okuda et al.), 215

N
Natural Cell Killers
effect of graft-vs-host disease after small bowel transplantation (Fändrich et al.), 1041
Neuroendocrine Carcinoma
management of (Åkerström), 173
pathogenesis, pathology, and behavior of (Rindi et al.), 168
Neuroendocrine Tumors
gastrointestinal, pathology and nomenclature of (Klöppel et al.), 132
Nodular Hyperplasia
in renal hyperparathyroidism, clonal analysis of (Tominaga et al.), 744
Nutrition
role in prevention and treatment of multiple organ failure (Bengmark et al.), 474

O
Objective Structured Clinical Examination
teaching effectiveness of Advanced Trauma Life Support Program shown by (Ali et al.), 1121
Occlusions
lower limb intraarterial thrombolysis as adjunct in management of (Braithwaite et al.), 649
Octreotide
reduction of 5-HIAA levels in disseminated midgut carcinoid syndrome (Wängberg et al.), 892
relief of carcinoid syndrome symptoms using (Arnold), 203
OKT3
role in managing steroid-resistant rejection of liver transplant (Platz et al.), 1052
Open Appendectomy
compared with laparoscopic appendectomy in men (Cox et al.), 263
versus laparoscopic (Hansen et al.), 17
Organ Transplantation
hematologic problems in (Dmitrewski et al.), 1160
Oxidative Stress
after elevated abdominal pressure (Eleftheriadis et al.), 11
Oxygen
RBC transfusion and delivery and consumption of (Lundsgaard–Hansen), 1182

P
Pancreas
curative resection of islet cell carcinoma of (Lo et al.), 878
heterotopic, pseudotumor developing in (Fékété et al.), 295
ischemically damaged, two-layer mild hypothermic storage method for resuscitation of (Matsumoto et al.), 1030
Pancreatectomy
total versus subtotal, for pancreatic cancer (Ihse et al.), 288
Pancreatic Cancer
comparison of total with subtotal pancreatectomy for treatment of (Ihse et al.), 288
Pancreatic Carcinoids
management of (Åkerström), 173
Pancreatic Endocrine Tumors
somatostatin receptor localization of (Corleto et al.), 241
Pancreatic Exocrine Secretion
effect of peptide YY on (Robinson et al.), 208
Pancreatic Head Resection
duodenum-preserving, fat absorption after (Miyakawa et al.), 1024
Pancreatic Injury
conservative management policy for (Degiannis et al.), 68
Pancreatic Islets
transplanted, dithizone as radioactive marker for monitoring of (Fiedor et al.), 1016
Pancreatic Neoplasms
role of percutaneous fine needle aspiration biopsy in treating (Tillou et al.), 283
Pancreatic Surgery
for asymptomatic and symptomatic pancreatic lesions in MEN I (Skogseid et al.), 872
Pancreaticobiliary Maljunction
role in pancreatitis (Nakamura et al.), 543
Pancreatitis
choledochal cyst-associated, role of PLA_2 in (Nakamura et al.), 543
gut origin sepsis, macrophage function, and oxygen extraction associated with (Wang et al.), 299
Pancreatoduodenectomy
ampullary tumor treated by (Chareton et al.), 707
pylorus-preserving, fat absorption after (Miyakawa et al.), 1024
with hepatectomy for biliary malignancies (Miyagawa et al.), 77
Pancreatoduodenectomy/Gastrectomy
fat absorption after (Miyakawa et al.), 1024
Papillary Thyroid Cancer
correlation of regional recurrence with increasing tumor size of (Simon et al.), 860
in Mexican patients, prognostic factors for recurrence of (Herrera et al.), 94
optimal surgery for (Udelsman et al.), 88
survival after surgical microdissection (Tisell et al.), 854
Paraganglioma
catecholamine-producing, characteristics, management, and behavior of (O'Riordain et al.), 916
Parathyroid Adenomas
side localized by intraoperative venous sampling for parathyroid hormone (Bergenfelz et al.), 358

Parathyroid Gland
blood supply and parathyroid hormone secretion in (Ander et al.), 598
hyperfunctioning, assessment of proliferative activity of cells in (Xiao-Lin et al.), 361
Parathyroid Hormone
blood supply in parathyroid gland and secretion of (Ander et al.), 598
simplified intraoperative venous sampling for (Bergenfelz et al.), 358
Parathyroid Hormone Content
of normal parathyroids, PHP parathyroids, and adenomas (Weber et al.), 1010
Parathyroid Hormone mRNA Content
of normal parathyroids, PHP parathyroids, and adenomas (Weber et al.), 1010
Parathyroid Hormone Secretion
of cryopreserved human parathyroid tissue transplanted in nude mice (Tanaka et al.), 692
Parathyroid Incidentalomas
in normocalcemic patients during thyroid surgery (Carnaille et al.), 830
Parathyroid Tissue
clonality of, in nodular hyperplasia in renal hyperparathyroidism (Tominaga et al.), 744
cryopreserved, human parathyroid hormone secretion in (Tanaka et al.), 692
in normocalcemic and hypercalcemic primary hyperparathyroidism (Lundgren et al.), 727
Parathyroid Tumors
epidermal growth factor receptor mRNA present in (Sadler et al.), 736
Parathyroids
true normal, PTH and PTH mRNA content of (Weber et al.), 1010
Peptic Ulcer
complicated, in elderly taking antiinflammatory drugs (Bulut et al.), 574
Peptide YY
effect on cholecystokinin release and colonic absorption (Liu et al.), 221
unstimulated exocrine pancreatic secretion inhibited by (Robinson et al.), 208
Percutaneous Endoscopic Gastrostomy
for enteral tube feeding (Gutt et al.), 1006
Percutaneous Fine Needle Aspiration Biopsy
role in treating pancreatic neoplasms (Tillou et al.), 283
Percutaneous Needle Biopsy
with radiologic guidance, of carcinoid tumors (Wallace et al.), 147
Percutaneous Transluminal Angioplasty
compared with atherectomy for peripheral arterial occlusive disease (Ahn et al.), 635
for arterial occlusive lesions, indications and results of (Kalman et al.), 630
Peripheral Arterial Occlusive Disease
arterial stents for (Ahn et al.), 644
percutaneous transluminal angioplasty vs. atherectomy for treating (Ahn et al.), 635
Peritoneal Carcinoma
from colonic adenocarcinoma, treatment of (Sugarbaker et al.), 585
Peritoneal Echinococcosis
symptoms, complications, and treatment of (Karavias et al.), 337
Pheochromocytoma
laparoscopic vs conventional adrenalectomy for removal of (Fernández–Cruz et al.), 762
paroxysmal hypertension and degeneration of (Ito et al.), 923
Phospholipase A_2
role in pancreatobiliary maljunction-associated pancreatitis (Nakamura et al.), 543
Platelet-Activating Factor Antagonist E5880
effect on intrahepatic and systemic metabolic responses to hepatic ischemia and reperfusion (Nakatani et al.), 1060
Pneumonia
bronchoscopic suctioning versus blind endotracheal lavage in diagnosing (Prokop et al.), 22
Pneumoperitoneum
effect in interatrial pressure gradient during laparoscopic cholecystectomy (Iwase et al.), 234
effect on lower esophageal sphincter and manometry (Kamiike et al.), 973
intestinal ischemia created by intraabdominal pressure due to (Eleftheriadis et al.), 11
Polycystic Liver Disease
laparoscopic treatment of (Gigot et al.), 556
Polymerized Pyridoxylated Hemoglobin Solution (Poly SFH-P)
development and characterization of (Gould et al.), 1201
Positron Emission Tomography
of abdominal malignancies (Blahd et al.), 245
Posterior Retroperitoneoscopy
minimally invasive approach for adrenalectomy (Walz et al.), 769
Postoperative Fatigue Syndrome
reduced by growth hormone (Vara–Thorbeck et al.), 81
Primary Adrenocortical Hyperplasia
adrenalectomy for treatment of (Imai et al.), 781
Primary Hyperparathyroidism
clinical, biochemical, pathologic data comparing parathyroid incidentalomas and (Carnaille et al.), 830
in multiple endocrine neoplasia type IIa (Kraimps et al.), 808
parathyroid tissue in hypercalcemic patients with (Lundgren et al.), 727
PTH and PTH mRNA content of (Weber et al.), 1010
role of US, sestamibi scintigraphy, 1-84 PTH measurement in unilateral neck exploration for (Chapuis et al.), 835
Proctitis
hemorrhagic radiation-induced, formaldehyde for treatment of (Roche et al.), 1092
Prognostic Factors
for papillary thyroid carcinoma recurrence (Herrera et al.), 94
Prophylactic Thyroidectomy
for MEN IIa after genetic diagnosis (Decker et al.), 814
Protein Cf
injury severity and (Engelman et al.), 5
1-84 PTH
intraoperative measurement of during unilateral neck exploration (Chapuis et al.), 835

Q
Quality of Life
issue in surgery (Trede), 941

R
Recombinant Blood Components
clinical trial and introduction of (Growe et al.), 1194
Recombinant Factor VIIa
background and uses of (Growe et al.), 1194
Recombinant Factor VIII
background and uses of (Growe et al.), 1194
Rectal Carcinoid Tumors
surgical management of (Stinner et al.), 183
Red Blood Cell Subtrate
development of Poly SFH-P as (Gould et al.), 1200
Red Blood Cell Transfusion
benefits and risks of (Greenburg), 1189
homologous, role of hemodilution in reducing need for (Kreimeier et al.), 1208
oxygen delivery and consumption and (Lundsgaard–Hansen), 1182

Resuscitation
prevention of multiple organ failure by (Vincent), 465
Retroperitoneal Nephrectomy
laparoscopic vs. open (Doublet et al.), 713

S
S-Phase Cell Fraction
role in assessing proliferative activity of glandular cells (Xiao-Lin et al.), 361
Sacrococcygeal Chordoma
diagnosis, treatment, and followup of (Chandawarkar), 717
Science
continuous advancement of surgery driven by (Herfarth), 950
Scintigraphy
^{111}In-octreotide, carcinoid tumors localized by (Kwekkeboom et al.), 157
somatostatin receptor, for preoperative localization of carcinoids by (Kisker et al.), 162
Selective Nonoperative Management
of abdominal stab wounds (Leppäniemi et al.), 1101
Sepsis
biologic control of (Guirao et al.), 437
manipulation of inflammatory mediators of (Fisher et al.), 447
metabolic response during (Michie), 460
pharmacologic intervention in (Redl et al.), 487
prevention of multiple organ failure after (Vincent), 465
relation to systemic inflammatory response syndrome and multiple organ dysfunction syndrome (Nathens et al.), 386
Serotonin
role in symptoms of carcinoid tumors (Creutzfeldt), 126
Serum Thyroglobulin Levels
nontoxic goiter relapse after resection predicted by (Date et al.), 351
Sestamibi Scintigraphy
value in unilateral neck exploration of primary hyperparathyroidism (Chapuis et al.), 835
Small Bowel Carcinoid Tumors
surgical management of (Stinner et al.), 183
Small Bowel Transplantation
correlation between GvHD-induced immunosuppression and host natural killer cell activity (Fändrich et al.), 1041
Soft Tissue Sarcomas
major vessel resection during limb-preserving surgery for (Karakousis et al.), 345
Somatostatin Receptor Scintigraphy
carcinoid tumors localized by (Kwekkeboom et al.), 157
preoperative localization of carcinoids by (Kisker et al.), 162
Sphincterotomy
endoscopic, common bile duct stones treated by (Lezoche et al.), 535
Spleen Injuries
hemostatic management and organ preservation after (Uranüs et al.), 1107
Splenectomy
role in hematologic disorders (Schwartz), 1156
Squamous Cell Carcinoma
of lower esophagus and cardia (Tachimori et al.), 507
Stent–Graft Device
for repair of aortic aneurysms, arteriovenous fistulas, and false aneurysms (Parodi et al.), 655
Stromelysin 3 mRNA
expression of, in stromal fibroblasts adjacent to thyroid tumors (Zedenius et al.), 101
Strut Leg Separation (SLS)
prophylactic explantation of Björk–Shiley Convexo-Concave heart valves as result of (Chandler et al.), 953
Subcuticular Skin Closure
as standard approach to emergency appendectomy in children (Serour et al.), 38
Sujura Technique
modified, long-term results for (Battaglia et al.), 319
Surgery
effect of science on advancement of (Herfarth), 950
quality of life and (Trede), 941
Surgical Injury Response
acute-phase, after laparoscopic and open cholecystectomy (Targarona et al.), 528
Survival
after aggressive reduction of disseminated midgut carcinoid tumor (Wängberg et al.), 892
after esophagectomy in esophageal cancer patients (Nishimaki et al.), 32
after lower-limb ischemia reperfusion (Yassin et al.), 961
Systemic Inflammatory Response Syndrome (SIRS)
as result of inflammatory response to inflammatory stimuli (Goris), 418
postinjury multiple organ failure predicted by (Sauaia et al.), 392
relation to sepsis and multiple organ dysfunction syndrome (Nathens et al.), 386

T
Tachykinin
role in symptoms of carcinoid tumors (Creutzfeldt), 126
Thoracotomy
for lung cancer, muscle-sparing vs. posterolateral (Sugi et al.), 551
Thromboembolism
postoperative, low-molecular-weight heparins and Daflon for prevention of (Tsimoyiannis et al.), 968
prophylaxis for and treatment of (Bergentz), 1141
Thrombolysis
lower limb intraarterial, adjunct to management of arterial and graft occlusions (Braithwaite et al.), 649
Thymic Carcinoid Tumors
prognosis for (Dusmet et al.), 189
Thyroid Cancer
detected by ultrasound-guided fine needle aspiration biopsy (Yokozawa et al.), 841
expression of gelatinase A mRNA in adjacent stromal fibroblasts (Zedenius et al.), 101
in children after Chernobyl accident (Antonelli et al.), 867
Thyroid Gland
incidence, indication, and complications of reoperative surgery of (Seiler et al.), 593
Thyroid Neoplasms
2D proton magnetic resonance spectroscopy for tissue characterization of (Mackinnon et al.), 841
Thyroid Stimulating Hormone Receptor Antibody (TRAb) Level
after thyroidectomy for Graves' disease, role in predicting recurrent hyperthyroidism (Sugino et al.), 801
Thyroid Volume
serum thyroglobulin levels after nontoxic goiter resection related to (Date et al.), 351
Thyroidectomy
change in TRAb as predictor of recurrent hyperthyroidism in Graves' disease (Sugino et al.), 801
parathyroid incidentalomas discovered during (Carnaille et al.), 830
Tissue Characterization
of thyroid neoplasms, 2D ^{1}H magnetic resonance spectroscopy for (Mackinnon et al.), 841
Trachea
combined gunshot injuries to esophagus and (Weiman et al.), 1096
Transcatheter Arterial Oily Chemoembolization
preoperative role in resection of resectable hepatocellular carcinoma (Uchida et al.), 326

Transforming Growth Factor
effect on bovine parathyroid cells (Sadler et al.), 822
Trauma
animal models as basis of pharmacologic intervention in (Redl et al.), 487
mechanisms of immunosuppresson after (Faist et al.), 454
multiple organ failure and mediators of (Schlag et al.), 406
pattern, sequence, and onset of multiple organ failure after (Regel et al.), 422
prevention of multiple organ failure after (Vincent), 465
Trauma Management
in elderly, role of preexisting conditions in (McMahon et al.), 1113
Trauma Patients
hypercoagulability following (Engelman et al.), 5
postinjury multiple organ failure in (Sauaia et al.), 392
^{13}C-Trioctanoin Breath Test
fat absorption after pancreatoduodenectomy and pancreatic head resection estimated by (Miyakawa et al.), 1024
Tropical Pyomyositis
causal association between ancylostomiasis and HIV and (Ansaloni), 613
Tumor Necrosis Factor (TNF)
as mediator of metabolic response to sepsis (Michie), 460
as mediator of sepsis, manipulation of (Fisher et al.), 447
role in inflammatory response to injury and modulation of (Guirao et al.), 437
Tumor Necrosis Factor α mRNA
expressed by gastric mucosa in gastric cancer (Izutani et al.), 228
Tumor Necrosis Factor Antibodies
as immune modulatory therapy after injury (Faist et al.), 454
Two-Dimensional Proton Magnetic Resonance Spectroscopy
for tissue characterization of thyroid neoplasms (Mackinnon et al.), 841
Two-Layer Mild Hypothermic Storage Method
resuscitation of ischemically damaged pancreas by (Matsumoto et al.), 1030

U
Ulm Pouch Reconstruction
after total gastrectomy (Schwarz et al.), 60
Ultrasonography
intraoperative, during hepatolithectomy (Zhang et al.), 50
preoperative, as predictor of technical difficulties and complications during laparoscopic cholecystectomy (Santambrogio et al.), 978
transcutaneous, before, during, and after endovascular repair (White et al.), 622
value in unilateral neck exploration of primary hyperparathyroidism (Chapuis et al.), 835
Ultrasound-Guided Fine Needle Aspiration Biopsy
thyroid cancer detected by (Yolozawa et al.), 841
Unilateral Neck Exploration
of primary hyperparathyroidism, role of US, sestamibi scintigraphy, 1-84 PTH measurement in (Chapuis et al.), 835

V
Vagotomy
role in protecting gastroduodenal mucosa from effects of diclofenac sodium (Giannoukas et al.), 501
Vascular Surgeons
effect of endovascular technology on relationship between interventional radiologists and (Veith et al.), 687
Venous Thrombectomy
deep venous thrombosis treated by (Meissner et al.), 1149

W
Warfarin
recurrent venous thromboembolism prevented by (Das et al.), 521
